

Rigeto investors acquire stake in Leaseir Medical Light S.L., Gijón

Munich, 10 January 2024

A group of investors advised by Rigeto Unternehmerkapital has acquired a minority stake in Leaseir Medical Light S.L., which is based in Gijón, Spain. The developer, manufacturer and distributor of medical devices for permanent hair removal holds all the essential regulatory authorisations for manufacturing and distributing of a medical device in the most important sales markets of the EU, USA and LATAM, enabling it to participate in global market growth.

Leaseir Medical Light S.L., along with its subsidiaries Leaseir Technologies S.L. and Leaseir USA Inc., which operate internationally, develops and produces diode-based laser machines in Spain and sells them in over 30 countries worldwide. Since its foundation over 10 years ago, Leaseir has focussed on producing reliable, highly efficient devices for beauty chains and doctors.

The investor group advised by Rigeto is supporting the growth strategy in conjunction with other international investors. The future management team, led by initiators Arturo Álvarez-Marcello Casado and Ignacio Ortiz Fugueroa, is optimistic about the upcoming collaboration and feels that its initial investment considerations have been validated.

BLOMBERG (Alexander Pupeter) advised Rigeto on tax issues relating to cross-border structuring.

BLOMBERG is a high-end tax boutique based in Munich, Germany. The law firm focuses on advising entrepreneurs, companies and investors, in particular on M&A transactions, corporate structuring issues, succession planning and disputes with the tax authorities.
